EQUIPMENT

All equipment is updated regularly and is to Bobbin Babes standard.

You will not need to bring anything to the pool apart from yourself and your child.

Anything additional you require can be purchased from our shop which will be open soon.

HAPPY NAPPIES

We require that all children who are not 100% accident-free wear a "happy nappy." This reusable swim garment resembles shorts or a swimsuit but is uniquely designed to snugly fit around the legs and waist, preventing anything that might escape a regular swim diaper from entering the pool. Unfortunately, traditional swimwear with built-in diapers or disposable swim diapers do not provide adequate protection, as they may leak, potentially causing a pool closure lasting 48 hours. The happy nappy, provided by Splashabout, ensures a secure barrier. It is advisable to use a disposable swim diaper underneath for the convenience of disposing of the majority of any accidents, avoiding the need for handwashing.
